FEATURES

See and hear what's happening outside a property day or night from anywhere - on a smartphone or tablet. ERA Protect Floodlight Camera alerts user when motion is detected. Watch live or review recordings in the cloud.

- **Discreet security**. The floodlight camera looks like any other floodlight and lights up with a 950 Lumen light when motion is detected, bit also begins recording video in 1080p to secure cloud storage.

- **Easy access.** Access video logs and footage as well as live view via easy to use smartphone app. Settings are intuitive and adjustable to requirements.

- **Integrated System.** Can be used as an integrated system, standalone or as part of the ERA Protect alarm system.

- **Weatherproof**. This robust Outdoor Security Camera is weatherproof to IP55 international standards and is perfect for watching driveways, observing gardens and outbuildings.
