Technical Information

Corrosion resistance

Meets the requirements of BS EN 1670:2007 Grade 5 (480 hours)

Operation

Endurance tested in excess of 50,000 cycles

Performance

Tested to meet the requirements of PAS 24 as part of a compliant window

Material Specification

Handle Grip and Backplate: High quality Zinc for all Hardex finishes and Antique Black.
High quality Aluminium for White, Black and Silver finishes

Coatings: Hardex Chrome, Satin, Bronze, Gold, Antique Black, White, Black and Silver

Maintenance

For continued protection of the quality finish and appearance, Fab&Fix advise routine cleaning of all our external hardware. Moving parts should also be lightly lubricated at least twice a year. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

Packaging

Handles

Individually bagged with screws, cover caps and care instructions.
10 handles in an inner box, 40 handles in an outer box.

Front Cover Cap

Rear Cover Cap

Screws x2

All dimensions are in mm and are nominal.
Fab&Fix reserves the right to change specification without notice.
It is the responsibility of the window manufacturer to ensure that the finished product meets any required safety and performance specification.
